MediGroup PC may use or disclose your PHI to carry out its responsibilities as a healthcare provider. MediGroup PC may use or disclose your PHI without your written authorization for the following reasons:

- **Treatment.** MediGroup PC may disclose PHI to physicians, nurses, technicians, hospitals, medical students or other personnel who are involved with the administration of your care at MediGroup PC or other locations.
- **Payment.** We may use and disclose PHI so that payment for the treatment and services you receive at MediGroup PC or from other entities, such as an ambulance company, may be billed to and collected from you, or an insurance company or third party. We may also need to disclose this information to insurance companies to establish insurance eligibility benefits for you.
- **Healthcare Operations.** “Healthcare operations” at MediGroup PC include activities related to improving quality of care, staff training, medical education, and business management.
- **Appointment Reminders, Information about Healthcare Related Benefits and Treatment Alternatives.** We may use and disclose medical information to contact you as a reminder that you have an appointment for a treatment or medical care at MediGroup PC or to inform you of treatment alternatives or other healthcare services or benefits that we offer.
- **As Required By Law.** We will disclose PHI when required to do so by federal or state law, including in response to a court or administrative order, subpoena, discovery request, warrant, summons or other lawful process. MediGroup PC may also disclose PHI to law enforcement personnel or similar persons to avoid a serious threat to the health or safety of a person or the public.

In addition, MediGroup PC may use your PHI without your written authorization under the following circumstances:

- Emergency situations when your authorization cannot be reasonably obtained, including for disaster relief purposes;

MediGroup PC – Notice of Privacy Practices

Certain actions, such as most uses or disclosures of psychotherapy notes, the use and disclosure of PHI for marketing purposes, and disclosures that constitute a sale of PHI, will be made only with your written permission (authorization). Other uses or disclosures of PHI that are not covered by this Notice or applicable laws also will be made only with your written permission.

Massachusetts provides special privacy protections for particularly sensitive conditions or illnesses such as HIV/AIDS, mental health, and substance abuse. MediGroup PC will disclose such information only in a manner that is consistent with these laws.

You may revoke your permission at any time by writing to MediGroup PC at the address or email address below. Once you revoke your permission, we will stop using or disclosing such information for the reasons covered by your written authorization. However, we cannot take back any disclosures made with your permission. We will retain our records of the care provided to you as required by law.

YOUR RIGHTS REGARDING YOUR PHI

Although your medical information is the property of MediGroup PC, you have certain rights regarding your PHI, including the right to:

- **Inspect and Copy.** With certain exceptions, you have the right to inspect or receive a copy of your medical information or both. We may charge a fee for these services. We may deny your request in certain limited circumstances. If you are denied access to your medical information, you may request that the denial be reviewed. Another licensed healthcare professional chosen by MediGroup PC will review your request and our denial.
- **Request an Amendment.** If you feel that medical information we have about you is incorrect or incomplete, you may ask us to amend information that is kept by or for MediGroup PC. We may deny your request if you ask us to amend information that (a) was not created by MediGroup PC; (b) is not part of the medical information kept by or for MediGroup PC; (c) is not medical information you are permitted to inspect or copy; or (d) is accurate and complete in the record.
- **Request an Accounting of Disclosures.** You may request a list of the disclosures we have made of PHI that were for purposes other than treatment, payment, healthcare operations and certain other purposes, or disclosures made with your written authorization within the last six (6) years. You may be charged a fee in connection with this request.
- **Restrict or Limit Use or Disclosure.** You may ask us to restrict or limit the use or disclosure of your PHI, including the disclosure of information to someone who is involved in your care or the payment for your care, like a family member or friend. Your request must state: (1) what information you want to limit; (2) whether you want to limit MediGroup PC's use, disclosure or both; and (3) to whom the limits apply, for example, disclosures to your spouse. We are not required to agree to your request, unless it relates to an item or service you paid for in full and out of pocket. In this case, you may request that we not share health information pertaining only to that product or service with your health plan for the purposes of carrying out payment or healthcare operations and we will comply with your request unless the information is needed to provide you emergency treatment or except as required by law.
- **Confidential Communications.** Generally, we will use the address, telephone number and, in some cases, the email address you give us to contact you. You may ask us to communicate with you about medical matters in a certain way or at a certain location. For example, you can ask that we only contact you at work. We will accommodate all reasonable requests. Your request must specify how or where you wish to be contacted.
- **Notification in the Event of a Breach.** Consistent with federal and state laws, we will notify you in the event unsecured PHI is used or disclosed by an unauthorized individual.
